TRADES

Platinum Underwriting Covers & Trades

Last Updated May 2016

Every Risk Receives Fair Consideration

With the exception of Motor Risks, we'll never decline to quote on a policy simply because the trade does not fit our particular remit.

Each risk will be considered on its own merits and underwritten accordingly.

In cases where we are unable to provide cover, our sister company – wholesale insurance broker Leadenhall Insurance Brokers – will be able to find cover in the wider Lloyd's market if that is your desire.

What follows is a sub-section of trades we can cater for.

These are not the only trades we can write, and indeed **there are no trades we will decline outright without fair consideration of the individual risk.**
